

Global fintech funding has nearly doubled so far this year

Article

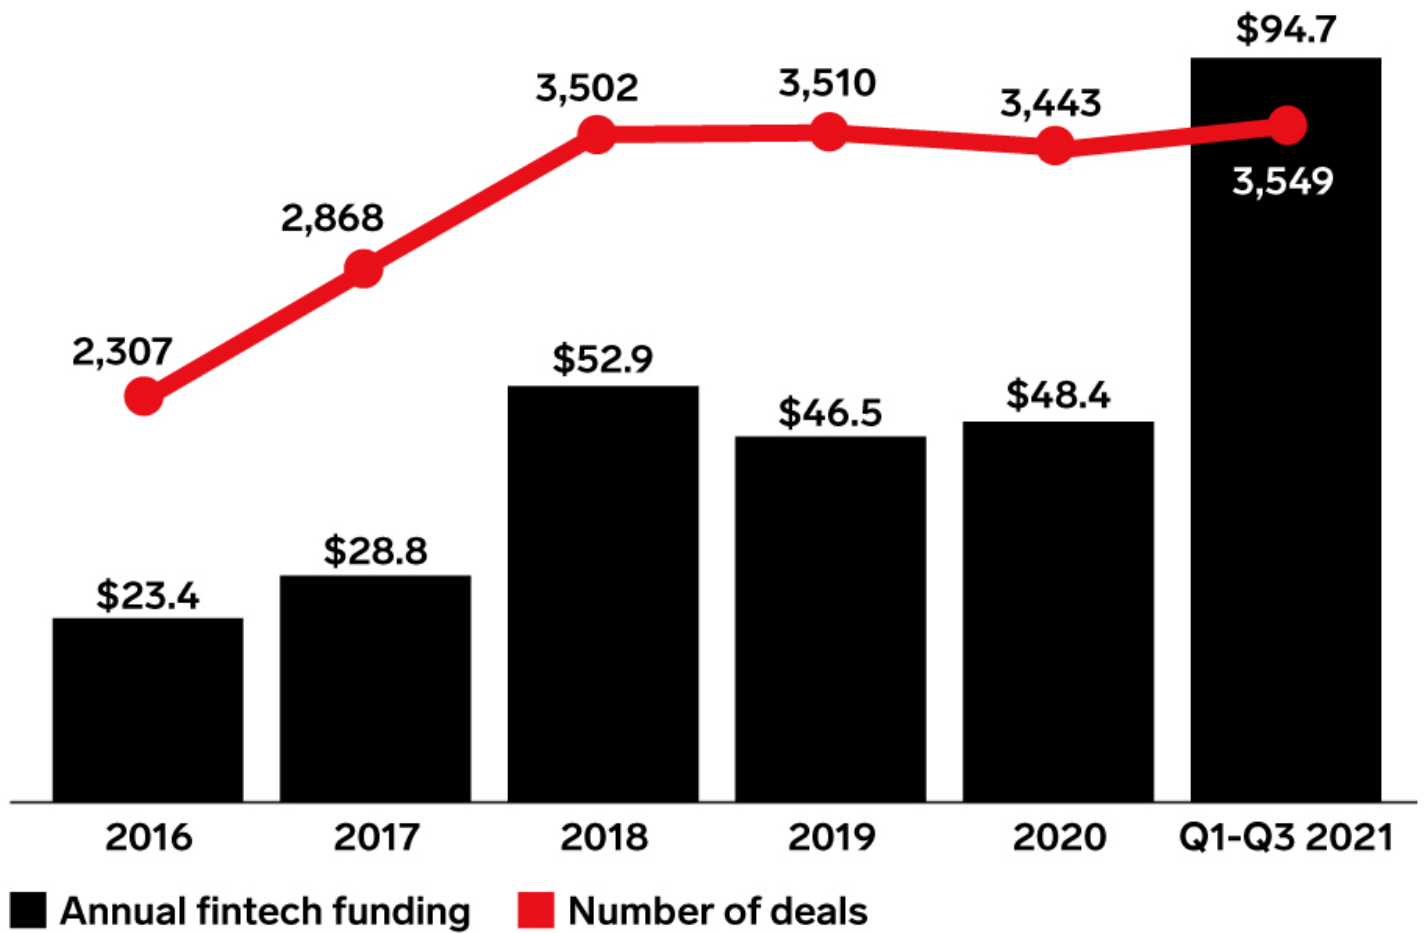

For more insights and key statistics on the biggest trends in today's most disruptive industries, [subscribe to our Chart of the Day newsletter](#).

Fintech companies worldwide raised **\$94.7 billion** in funding over the first three quarters of 2021, almost as much as the two prior years combined. That said, the total number of deals

edged up by just **106** from 2020 to reach **3,549**, meaning the average deal size has grown significantly this year.

Annual Fintech Funding Worldwide, 2016-Q3 2021 *billions and number of deals*
