

Reimagining Retail: Activating product stories across channels and top trends in retail automation

Audio

On today's episode, we discuss how marketers can provide a compelling, complete, and differentiated product experience that meets consumers' expectations across every channel. Then for "Pop-Up Rankings," we rank the top three most important trends in retail automation. Join our analyst Sara Lebow as she hosts analyst Yory Wurmser and senior director of product marketing at Akeneo Ali Hanyaloglu.
