

The Daily: Fewer video streaming apps, copycatting BeReal, and some positive economic indicators

Audio

On today's episode, we discuss why we are heading towards fewer video streaming platforms, what this means for consumers and what this means for advertisers. "In Other News," we talk about what to make of a few positive economic indicators and whether BeReal is about to be copycatted out of existence. Tune in to the discussion with our director of Briefings Jeremy Goldman.
