

# The Daily: Snapchat's bright spots, is Artifact the future of social media, and how Tesla could affect Twitter

Audio

On today's episode, we discuss how Snapchat+ is getting on, concerns over time spent on the social platform, and why Q4 revenue growth stalled. "In Other News," we talk about whether Artifact, a new app from Instagram's co-founders, could become the future of social media, and how complications at Tesla could affect Elon Musk's other owned property, Twitter. Tune in to the discussion with our analyst Jasmine Enberg.
