

The Daily: Game-Changing Digital Health Deals, Extending Telehealth Measures, and a Bugs + Drugs Tool

Audio

On today's episode, we discuss why big tech is suddenly interested in digital health, whether the doctor's house call is making a comeback, and what the chess-like moves of CVS Health are all for. "In Other News," we talk about the significance of extending pandemic-era telehealth measures and what to make of a new 'Bugs + Drugs' tool. Tune in to the discussion with our analysts Lisa Phillips and Rajiv Leventhal.
