Audio

On today's podcast episode, we discuss whether this is the beginning of Amazon's decline, if the Internet is becoming more ad-free, whether shopping pairs well with streaming, where brands will shift their ad dollars during the Super Bowl as they lean away from X (formerly Twitter), ChatGPT creator OpenAI's deal with publishing giant Axel Springer, the most visited tourist attractions in the world, and more. Tune in to the discussion with our analyst Blake Driesch and vice presidents of content Suzy Davidkhanian and Paul Verna.
