This year, a resounding **2.96 billion** people worldwide will play digital games, whether via console, computer, or mobile device, and that figure is poised to surpass **3 billion** in 2022. That's a lot of goals scored, blocks mined, and quests completed.

Digital Gamers Worldwide, 2015-2024

billions

Note: includes those who play games via consoles, desktop/laptop computers (browser and downloaded/boxed games), smartphones, and tablets
