

# The Weekly Listen: How much can tech help the travel rebound, what the NFL + shopping equals, and ChatGPT in 2024

Audio

On today's podcast episode, we discuss the travel rebound and how tech is helping it out, how Black Friday football (with a side of online shopping) performed this year, will X (formerly Twitter) go bankrupt next year, a new way to stream NBA games post-cable, what to expect from ChatGPT next year, why your passport is the color it is, and more. Tune in to the discussion with our forecasting writer Ethan Cramer-Flood, forecasting analyst Zach Goldner, and director of forecasting Oscar Orozco.
