

What Apple's Tap to Pay means for payments, Amex's new checking account, and Block adds Afterpay

Audio

On today's episode, we discuss how Apple's new Tap to Pay feature will disrupt the payments world. Then for "In Other News," we talk about the impact of American Express' new checking account and what will happen now that buy now, pay later firm Afterpay is integrated with Block (formerly Square). Tune in to the discussion with VP of content and head of financial services Daniel Van Dyke and our analyst Jaime Toplin.

US Proximity Mobile Payment Users, 2020-2025

millions, % change, and % of smartphone users

Note: ages 14+; mobile phone users who have made at least one proximity mobile payment transaction in the past 6 months; includes point-of-sale transactions made by using mobile phones as a payment method; excludes transactions made via tablet
