

The Weekly Listen: Virtual and augmented reality's next act, Netflix passwords, and whether Big Tech killed free

Audio

On today's episode, we discuss Facebook and Apple's next virtual and augmented reality moves, Netflix cracking down on password sharing, whether Google and Facebook killed the concept of "free," what Americans will do with their stimulus checks, how ESPN+ will do on Hulu, where in the world there is a giant plughole in the ocean, and more. Tune in to listen to the discussion with eMarketer forecasting analyst Rini Mukhopadhyay, senior analyst Sara M. Watson, analyst Blake Droesch, and principal analyst at Insider Intelligence Jeremy Goldman.

US VR and AR Users, 2019-2023

millions

Note: individuals of any age who experience VR content at least once per month via any device; AR users are individuals of any age who experience AR content at least once per month via any device
