

The Banking & Payments Show: The crypto winter enters its ice age

Audio

On today's episode, we investigate the changes and current issues plaguing the cryptocurrency industry. In our "Headlines" segment, we discuss the top crypto collapses of 2022. In "Story by Numbers," we dissect a few data points that highlight the scope of the industry's fallout and its expectations in 2023. And in "For Argument's Sake," we exchange our views on a few of the predictions that were recently made in the Insider Intelligence

"Fintech Trends to Watch for 2023" report. Tune in to the conversation with host Rob Rubin, our analyst Grace Broadbent, and Simon Taylor, co-founder of 11:FS and head of strategy and content at Sardine.
